***Annual Cash Incentive Plan***

The Compensation and Management Development Committee (the “Committee”) of the Board of Directors of Hess Corporation (the “Company”), at its regular meeting on March 4, 2014, approved a new Annual Cash Incentive Plan (the “Plan”) for all of the Company’s full-time employees worldwide, including the Company’s chief executive officer, chief financial officer and three most highly compensated executive officers (other than the chief executive officer and chief financial officer) (the “Named Executive Officers”). The Plan replaced the Company’s Annual Cash Bonus Plan for the fiscal year beginning January 1, 2014. The Plan is consistent with the Company’s transformation into a focused pure-play exploration and production (“E&P”) company and is intended to promote better alignment of pay and performance and an enhanced focus on creating long-term stockholder value.

Payout on awards is determined based on attainment of enterprise level metrics and individual performance. There are six enterprise metrics, each with pre-defined threshold, target and maximum performance goals:

- Safety;
- Proved reserve additions;
- Production;
- Controllable operated cash costs;
- E&P Capital and exploratory spend; and
- Cash return on capital employed.

The Committee establishes annual incentive targets for each Named Executive Officer based upon position, responsibilities and competitive practice.

Payout for the Named Executive Officers may range from 0% to 175% of target based on attainment of the enterprise metrics. A multiplier may adjust the bonus down to 0% or up by an additional 25% (capped at 200%) of target based on individual performance compared with individual pre-defined goals established at the beginning of the fiscal year. This results in an increased weighting on formulaic enterprise results and a decreased weighting on individual results compared with the prior Annual Cash Bonus Plan.

***Long Term Incentive Program***

On March 4, 2014, the Committee approved changes to its long term incentive program for awards made in 2014. Previously, the value of awards under the program were 50% in the form of performance share units (PSUs) and 50% in the form of restricted stock. For 2014, for the Named Executive Officers, the Committee decreased the value of the restricted stock component to 20%, increased the PSU component to 60% and re-introduced a stock option component of 20%. This change increased the performance-based components of the Company’s long term incentive awards from 50% to 80% in value, which the Committee believes will further reinforce alignment of interests of senior management and stockholders.

The Committee also revised the Company’s peer group to better reflect the Company’s size and strategy after its transformation into a pure play E&P company. Payouts on the PSUs awarded in 2014 will be determined based on the Company’s total shareholder return (“TSR”) for the three-year performance period ending December 31, 2016 compared to the TSR of 11 peer companies over the same period. The eleven peer companies are: Anadarko Petroleum Corporation, Apache Corporation, Chesapeake Energy Corporation, ConocoPhillips, Devon Energy Corporation, EOG Resources, Inc., Marathon Oil Corporation, Murphy

---

Oil Corporation, Noble Energy, Inc., Occidental Petroleum Corporation and Talisman Energy Inc. Payouts will range from 0 percent to 200 percent of the target award based on the schedule below:

TSR Ranking	Percentage of Performance Shares Earned
1st	200%
2nd	200%
3rd	175%
4th	150%
5th	125%
6th	100%
7th	83%
8th	66%
9th	50%
10th	0%
11th	0%
12th	0%

If the Company's total shareholder return for the performance period is negative, the percentage of PSUs earned may not exceed 100% of target.
